Words of Welcome

Dear Mirowitz Parents,

ברוכים הבאים! (Welcome!) The entire faculty and staff join me in excitement for the year ahead. Our passion is filling childhood with meaningful moments and significant memories connected with learning, Judaism, and community. We hope to ignite curiosity and depth of thought, nourish a love for Jewish connection, and prepare our students to interact in the world as caring, educated citizens.

Your enthusiasm and dedication to raising good humans is vital to our mission. Thank you for your involvement in making the school a center for inquiry, support, and growth. We are grateful that you have invited us to partner with you in raising your children to be leaders and outstanding human beings.

Please read this handbook thoroughly so that you will be prepared and informed about our school community's guidelines, traditions, and policies.

L'shalom,

A handwritten signature in cursive script that reads 'Raquel'.

Raquel Scharf-Anderson, MS

Proud Head of School

VISION, MISSION, VALUES/PRINCIPLES

Vision: A vibrant, socially responsible and inspired Jewish community led by educated, capable, energetic, joyous, compassionate, ethical, and inquisitive leaders.

Mission: Provide the highest quality secular and Jewish education, enabling students to become life-long learners and leaders, and to apply Jewish values to all aspects of life.

Values/Principles: We believe in the ultimate potential of each student's intellectual, spiritual, social, emotional, and physical growth, and we bring that potential to life through:

Academic excellence: We continually seek to identify, and implement effective educational practices and curriculum. We practice constructivist learning methodologies and principles, thereby:

- providing learning experiences that allow students to acquire knowledge through meaningful interactions, adventures, and explorations
- instilling a love of learning, and an eagerness to seek knowledge and understanding
- creating an environment that encourages deep thinking, problem solving, and intellectual risk taking
- graduating students with the strongest possible preparation for success in high school, college, and their adult lives

Meaningful, pluralistic Jewish life: Students develop a competency with prayer, a love and respect for Israel, and the ability to read, write and speak Hebrew as a living language.

Our program empowers children to participate enthusiastically in diverse expressions of Jewish life today and to be creative builders of Jewish life tomorrow.

Our curriculum:

- includes both direct Jewish learning and artful integration of Jewish content across the curriculum to support children in engaging the world Jewishly.
- enhances critical and creative thinking about Jewish text and tradition and builds emotional intelligence by honing students' focus on developing empathic skills.
- hones and deepens students skills in close reading of traditional Jewish texts within their languages of origin.
- supports students' development of public speaking skills and skills in leading communal prayer, and ritual.

- supports students' development of skill in understanding and engaging in Hebrew as a communicative, heritage language.

- sets as its cornerstone our commitment to Judaism pluralism—the recognition that there are divergent and even conflicting ways in which to engage in and express Jewish values and identities. We are committed to the autonomy of the individual in belief and practice, egalitarianism, and Jewish inclusion. The Judaisms we practice and teach value engaging across our differences for the sake of spiritual elevation and learning.

Social responsibility: Students consistently translate their learning into action, knowing that they can play a significant role in repairing the world.

- We foster a community that welcomes students who reflect the diversity of our Jewish community: families with varied forms of Jewish observance, from diverse socioeconomic backgrounds,, and from across the full geography of greater St. Louis.
- We create opportunities for students to explore their power to better the world, and to support causes of freedom, democracy, and justice.
- We seek to embody a model for a just and ethical society where members treat one another with kindness, respect, sensitivity, and appreciation of differences.
- We provide tools for a lifetime of leadership, skills to build consensus, to collaborate, to lead with confidence, and to make decisions based on Jewish values.
- We help students develop the moral compasses that will guide them throughout their lives.

Commitment to Israel: Recognizing the significance of the State of Israel and its national institutions, we seek to instill in our students an attachment to the State and its people, as well as a sense of responsibility for their welfare. We envision a generation of Jewish leaders who — energized by a profound cultural and historical knowledge of Israel, meaningful relationships with Israelis, personal experiences in Israel, Hebrew language proficiency and a nuanced understanding of modern Israel — proudly lead, support and strengthen the Jewish state.

Diversity, Equity, and Inclusion Statement

“The Sages taught that the first human was created alone to speak of the greatness of The Sovereign who is The Sovereign of Sovereigns, the Holy Blessed One. For a person stamps several coins with one seal, and they all resemble each other. But the Holy Blessed One stamps all people with the seal of the first human, and not one of them resembles another.”

- Sanhedrin 38A

We recognize that the work of diversity, equity, and inclusion is deeply rooted in our work as Jewish educators. We believe in the dignity and worth of every person regardless of race, color, religion, sex, national origin, ancestry, ability, age, sexual orientation, gender identity and expression, socioeconomic status, or any other individual characteristic. Our tradition teaches us that the value of *kavod habriyot* entails respect for the sacred diversity of all of God's creations. Our core Jewish values of *kavod* (respect), *hakarat hatov* (recognition of the good), *limmud* (learning), and *tikkun* (commitment to repair) guide our work in building empathy, promoting sacred diversity of identities, and both studying and committing ourselves to the repair of social inequities that have stemmed from these differences.

The mission, vision, and core values of Mirowitz commit us to being inclusive of faculty and staff members, students, families and community members. We will continue to seek ways to expand our policies, practices, curriculum, and resources to reflect and honor our diverse school community.

Faculty and Staff: Diverse faculty and staff focus on individual identities and providing professional development to propel our commitment to culturally respectful and inclusive practices and policies.

Families: Our school community represents and values the breadth and depth of diverse, sacred identities of the broader St Louis Jewish community--seeking to center the identities and voices of those who have historically been marginalized.

Community Partnerships: We partner with organizations of diverse identity expressions and shared values to enhance authentic learning and weave stronger bonds of responsibility and justice across the St Louis region.

ASSOCIATIONS AND AFFILIATIONS

1. Jewish Federation of St. Louis
2. ISACS, Independent School Association of the Central States
3. Prizmah, Center for Jewish Day Schools
4. ISSL, Independent Schools of St. Louis
5. NAIS, National Association of Independent Schools

Organizational Structure

Mirowitz is managed by a Board of Directors which is responsible for the mission, direction, funding, and overall support of the school. In addition, the Board selects, supports, and evaluates the Head of School.

The Head of School has responsibility for all school operations, including administration of all personnel practices and procedures, recruiting students, defining, and implementing the curriculum, and the school's financial well-being. The personnel responsibilities include hiring, retaining, terminating, evaluating, promoting, and disciplining staff members, and providing them with the tools to be successful in their roles at Mirowitz. The Head of School, **Raquel Scharf-Anderson**, is supported by an administrative and leadership team:

Patty Bloom: Director of Marketing & Communications

Riley Grady: Assistant to the Head of School & Facilities Coordinator

Corbyn Greer: Director of Finance & Human Resources

Laura Johnson: Director of Support Services

Becky Lerner: Coordinator of Hebrew and Israel Education

Abby Marks-Mazur: Director of Enrollment Management

Andrea Newstead: Director of Technology

Shannon Rohlman: Director of Instruction

Rabbi Scott Slarskey: Director of Jewish Life, Interim Coordinator of Middle School

Mary Wagoner: School and Business Offices Manager

PARENT TEACHER ORGANIZATION (PTO)

The mission of the Parent Teacher Organization (PTO) of Saul Mirowitz Jewish Community School (Mirowitz) is to strengthen, enhance, and encourage the educational and social environment for each student's school experience. We volunteer for school functions, raise money for some school expenditures and support our teachers. By encouraging parental

involvement in the school, the PTO also creates community among school families and supporters. All parents and legal guardians with a child enrolled at Mirowitz, and all current faculty and staff are welcome members of the PTO.

SCHOOL HOURS/CALENDAR

All students are expected to arrive at least ten minutes before class so that they can take care of transitional items before academic time begins. If your child is tardy, you must report to the office upon arrival and sign in your child.

- **Elementary: Monday-Friday, 8:30 am – 3:30 pm;**
Early-release Fridays, 8:30 am – 2:30 pm (dates are noted on the calendar)
- **Middle School: Monday-Friday, 8:00 am – 3:30 pm;**
Early-release Fridays, 8:00 am – 2:30 pm (dates are noted on the calendar)

[Calendar Links](#)

GENERAL INFORMATION

ARRIVAL AND DISMISSAL PROCEDURE

You are encouraged to park your car and come inside with your child at arrival or dismissal. Please park in the south end of the lot. Safety in the parking lot is essential. In order to maintain the safety of our children, cell phone use is not permitted while driving in the school parking lot or actively engaged in picking up / dropping off.

- **Arrival:** Drop off your child in the front of the building. Enter through the south entrance on Mason Road, turn right and loop around the perimeter of the parking lot, pulling up around the curb to the designated area. Please exit the same entrance. If you walk your children into school, please park in the south parking lot so you do not walk through the carpool line to enter the building. Please stay in your car when using the drop off line.
- **Dismissal:** You may park and enter through the front doors to pick-up your child or enter the carline in the back of the building. Parents should enter at the north entrance on Mason Road to B'nai Amoona and go straight, looping to the back of the building. You will be directed by a faculty member to pull forward to a designated space where an administrator or teacher will load your child/carpool into your vehicle. You will pull forward and exit either onto Conway or through the front of the building to Mason Road. Children will be supervised until they get in the car. Faculty and staff will assist in the carpool line. Please do not get out of your vehicle.

We encourage you to stay and play on the playground with your children. You will be responsible for their supervision after school hours.

For safety reasons, no children are allowed to enter the parking lots unescorted.

Our faculty members are forbidden to place a child in a car in which the driver is speaking on the phone. If you have an emergency call, please pull out of line into a parking space until it is complete and then reenter the carpool line from the rear.

- **SIGN IN/SIGN OUT PROCEDURE**

Middle School students should arrive no later than 7:50 a.m.

Elementary School students should arrive no later than 8:20 a.m.

Morning greeters will be outside from 7:50 until 8:30.

If your student arrives after 8:30, please park and walk them into the building.

If a student must leave before the close of the school day, please notify the teacher **and** the front office by email or note. The parent must come into the front office on arrival at the school to sign out your child.

School security demands that doors to the building be locked during school hours and access supervised.

- **Student Messages and Student Personal Device Usage**

If you need to communicate with your child, please call the office and leave a message. The office will deliver the message through the teacher. Calling the office as early as possible is advisable.

Students with personal devices (phones, etc) may only use them, for any purpose, with the permission of a faculty or staff member. After school plans should be made prior to arrival at school. Students will not be granted permission to use devices to request forgotten work. They should bring that work to school the following day. Students who have forgotten their instrument, lunch or uniform, may ask for permission to use an office phone. We highly recommend personal devices remain at home and will require that devices brought to school be kept in lockers on silent mode during the school day.

- **Inclement Weather**

In the event of snow or inclement weather, cancellation or delayed start information will be sent to you via an automated telephone announcement, text, and e-mail. You can also check news channel 5-KSDK.

When inclement weather occurs during the school day, you will be notified with dismissal directions from the school. We will not hold dismissal car lines for safety reasons. You will be required to enter the building to collect your child.

ATTENDANCE

Regular attendance is vital to success in school. During grade school years students build work habits and habits of mind that will affect them later in life. Regular and prompt daily attendance helps and is an expectation of our school.

Missouri School Law

Parents have both a legal and moral responsibility to require and promote regular daily school attendance. Under the Compulsory School Attendance subsection, the burden of responsibility for school attendance is placed on the parents. Every parent, legal guardian, or other person in this state having charge, control, or custody of a child between the ages of 7 and 16 years shall cause the child to attend regularly some public, private, parochial parish, or home school not less than the entire school term of the school which the child attends...(RSMo 167.031). Nonattendance by such a child shall cause such parent, guardian, or other responsible person to be in violation of the provisions of section 167.061...(RSMo 167.031). Any parent, guardian, or other person having charge, control, or custody of a child, who violates the provisions of section 167.031 is guilty of a class C misdemeanor...(RSMo 167.061).

- **Remote Learning**

Remote Learning will only be offered under the following circumstances:

- If half the class or more must remain at home.
- Extenuating circumstances with permission from the Head of School.

If the above circumstances are met, your child will join the regular classroom via Zoom. We will do our best to keep them connected, engaged, and moving forward with their academic development. We will send home the in-school class schedule with specific, highlighted times when your child should prioritize being present on Zoom, particularly during the mini-lesson at the beginning of each lesson. This schedule will vary depending on grade level. We will send home a handbook for using technology to access the classroom, instructions for turning in school work and for communicating with the teachers. All synchronous, remote instruction will be held via Zoom. In order to create secure virtual classrooms to facilitate effective instruction, the school is requiring teachers to use best practices for safety and security at all times, including abiding by Zoom's Best Practices for Securing Virtual Classrooms.

- **Excused Absences**

Absences due to illness, accident, or death in the family are bound to occur. Please call the office and let office staff inform the faculty of your child's absence. Upon return to school, students should meet with their teachers to determine missed work and assignment due dates. Missed tests should be arranged with the teacher. Completion of make-up work is the responsibility of the student.

- **Planned Absences/Family Vacations**

Families are asked to schedule family vacations during school breaks so as not to interrupt the educational progress of the child or the forward motion of the class as a whole. When

possible, please schedule medical, dental, and other such appointments for after school hours.

- **Tardies**

Students are expected to be ready for instruction by the start time of class. This requires arriving ten minutes in advance to organize papers, turn in homework, make necessary restroom visits, ready pencils and check in with classmates and teachers. Academic start time for elementary school is 8:30, requiring 8:20 arrival, and for middle school is 8:00, requiring 7:50 arrival. Tardies will be marked at the start of academic time.

- **School Responsibilities**

The school will keep accurate records of student daily attendance as required by Missouri State Law and will implement a procedure for notifying parents/guardians of excessive student absences/tardies.

- **Communication**

Each teacher will be responsible for monitoring student attendance and notifying parents/guardians when a student's academic progress is being adversely affected by excessive absences/tardies.

Although the activity and/or interactions between teacher and student, or student and student, can never exactly be duplicated, whenever possible, teachers will help students to make up the work and learning that they missed.

BEFORE CARE/AFTERCARE

Before Care: Before Care is available from 7:30-8:00 am for a fee of \$5.00 per child. Siblings of middle school students may participate in before care, at this time, for no additional cost.

There is no charge for students arriving between 8:00-8:20am. Students will play in the gym or outside, weather permitting.

Saul Mirowitz Jewish Community School is pleased to offer After School Care for all of our students and will begin the program on the first full day of school. **Aftercare is not available on days when school dismisses at noon or on days when school dismisses early for parent-teacher conferences.**

The Aftercare atmosphere is enjoyable, structured, and safe. To provide the best care possible, it is important that we know how many children will be in Aftercare on any particular day and during every period of time. We understand that circumstances arise, and we will be as flexible as possible. The drop-in rate is \$25 a day and is available if space allows.

There is no refund if your child does not attend. Much like tuition, enrollment pays for the service to be available and for the teachers to be present.

Teachers are hired only until 6 pm. Please pick up before that time. Pick up after 6 pm will result in a late charge of \$15 for every 10 minute interval after the 6 pm close of the program.

Each day in Aftercare, students will be provided with a kosher, healthy snack for an additional convenience fee of \$1.00/day. Students may certainly pack a healthy snack. When not working on homework, students will have the option to do art projects, play games, read or just spend time with their friends. Students will spend time outside as often as weather permits.

Students are expected to follow all of the rules associated with a normal school day.

Caregivers will pick-up their child and be prepared to show identification to security and so accurate records of attendance can be maintained. If the student is being picked up by someone other than the parent or an authorized person after school care must be notified. No student will be allowed to leave with anyone unfamiliar to the staff a phone call to the parents and photo identification.

During the school year, please direct questions to the aftercare teacher at aftercare@mirowitz.org

Aftercare Hours and Fees:

- Full Year Aftercare Fees
 - One to two days a week - \$850
 - Three to five days a week - \$1700
 - Snacks may be purchased for \$1/day in 5 day packages.
- Drop-in rate
 - \$25 per day
- Late fee is \$15 for every 10 minute interval after the close of the program

BACKPACKS

Each child needs a lightweight backpack with a full zipper at the top for daily folders, work, etc. Upon arrival students will unpack for the day leaving backpacks in their cubby or locker.

BEHAVIOR CODE

Mirowitz is a unique learning and spiritual community that maintains ethical expectations for our students. The description that follows outlines the behavioral boundaries for these expectations. When a student oversteps the boundaries, it is our intention to educate and enable a change of direction in behavior.

Mirowitz is a place that embraces the Jewish values of:

1. **Bitachon:** ביטחון: We trust others and behave in ways that help others feel safe and build trust.
2. **Limud:** לימוד: We seek to learn and support the learning of others.
3. **Kavod:** כבוד: We respect ourselves, others, school property and our learning community.
4. **Kehillah:** קהילה: We seek to see and to strengthen the bonds that connect us to each other.
5. **Tikkun:** תיקון: When we see something can be improved, we seek to make it better.
6. **Hakarat Hatov:** הכרת הטוב: We seek out the good in each other and ourselves and call attention to it in positive ways.
7. **Simcha:** שמחה: We seek to be joyful and strengthen the joy of others.

The faculty commits to serve as role models by treating students with dignity, working with families, and maintaining focus on students' growth and development.

DISCIPLINE WITH DIGNITY

In keeping with the goals and mission of Saul Mirowitz Jewish Community School, we seek to ensure that each person in our community is treated with **כבוד** (respect) to promote personal and community growth. We expect every member of our community to make Mirowitz a place of **ביטחון** (safety) for our bodies, feelings, and property; a place of **לימוד** (learning and growth); and a place of kindness and respect. In order to meet our goals, the following rules govern our behavior while at school:

- Students will be treated with **כבוד** (respect and dignity) and must show **כבוד** (respect) in return to peers and adults.
- Students are expected to contribute to a productive learning environment for themselves and others.
- Students are expected to maintain a physically and emotionally safe environment for peers and adults.
- You may not do anything that causes you harm or could potentially cause you harm. We define "harm" in a broader sense than merely physical.
- You may not do anything that harms another person or could potentially harm another person.
- You may not do anything that harms property or potentially harms property.
- Aggressive behavior toward another individual, whether physical or verbal, warrants an immediate response and may be grounds for dismissal for that day.

When a teacher feels that one of these rules is not being followed, they will bring the behavior to the attention of the child in a quiet and dignified manner that invites correction,

and restorative steps will be taken. In the event that the behavior becomes a continual disruption to the class, the child will be sent to the office to meet with an administrator. The parents will be called to be part of a collaborative problem-solving effort.

If the behavior continues without any progress or resolution, a student may participate in a restorative process, including consequences as outlined in the appendix, or be sent home. The student may not return until a parent-teacher-student-head of school conference is held.

Despite the good intentions and best efforts of the students and staff, some students will, at times, choose not to participate in the educational process in a productive manner. When a student demonstrates a lack of commitment or inability to modify their behavior, an intervention plan will be developed, written, and signed by the parent/teacher/student and administration. Continued lack of commitment and any unresolved issues may result in an evaluation to determine whether Mirowitz is the appropriate school for the student.

No person employed or engaged by Saul Mirowitz Jewish Community School may inflict or cause to be inflicted corporal punishment as a means of discipline upon a pupil attending our school. A violation of this policy is grounds for dismissal.

Corporal punishment is defined as the purposeful infliction of bodily pain or discomfort by an adult upon a student as a penalty for disapproved behavior. Physical force or restraint, used by a school employee to protect someone from physical injury, to disarm a student, or to protect property from damage is not considered corporal punishment.

BIRTHDAYS AND CELEBRATIONS

Given the diversity of Jewish observance within the Mirowitz community, please be aware that scheduling birthday celebrations on Shabbat or other Jewish holidays can tend to exclude certain classmates/friends from participation and cause hard feelings.

Mirowitz encourages families to include the entire class when sending invitations to a birthday party. If every child in a class is invited, we would be happy to pass out the invitations at school.

At school we celebrate birthdays creatively, **without food**, in order to keep our students healthy and protect them from the dangers of food allergies. Please make arrangements directly with the classroom teachers for any in-class birthday celebrations. Please consider sponsoring a kabbalat Shabbat Tribute in honor of birthdays or other celebrations.

Families are also encouraged to include the entire class when planning to invite for B'nai Mitzvah. In order to minimize community-wide scheduling conflicts, the school's Director of Jewish Life maintains a calendar of families' b'nai mitzvah celebrations that is made readily available to families. Please be sure to send invitations to faculty who have engaged with your child and would like to be included in your simcha. Please notify the office so that a speaker can be arranged to present a gift to your child at the service.

DRESS

DAILY: Students of Mirowitz are expected to wear safe and appropriate clothing that honors their work at school. Athletic shoes and socks must be worn on Physical Education days and for students in Before Care. Students are required to wear closed-toe shoes with a back strap for outdoor safety. They may leave an extra pair of shoes in their cubby or locker. Students should wear a shirt that can be tucked in to cover their abdomens/backs for safety. T-shirt messages must be respectful. Please avoid references to drug or alcohol use, violent behavior, or weapons. Students in younger grades are encouraged to leave an extra set of clothing at school. Boots for use in the woods are encouraged.

MIROWITZ MONDAYS: Students are asked to wear their Mirowitz spiritwear on Mondays. All new incoming students will receive one t-shirt before the first day of school. Additional t-shirts and sweatshirts are available for purchase from our online school store in youth and adult sizes.

FIELD TRIPS

Saul Mirowitz Jewish Community School offers opportunities throughout the year for students to participate in educational and cultural activities in the community. Parents will often be asked to provide transportation for these special events. The trip is designed for your child and their class. **Parent chaperones may not bring siblings.** The following are field trip guidelines to help make the trips safe and enjoyable for everyone.

- Each child under the age of 8, weighing less than 80 pounds, or under 4'9" tall must be in a car/booster, as required by Missouri law.
- Elementary school children may not ride in the front seat of a car unless it is your child.
- Drivers must abide by all traffic laws, including speed limit.
- Due to students' allergies and dietary needs, you may not serve food or candy in your car.
- While driving students, you may not talk on your cell phone.
- You may not make any unauthorized stops while driving Mirowitz students.
- Please use discretion when selecting music or radio stations. No movies may be shown while driving.
- The number of children permitted in the car shall not exceed the number of shoulder-strap seat belts in the vehicle.
- If there is ever a cause to be concerned about the safety of the car or the people in the car, the driver is encouraged to pull off the road, remind the children of the rules for appropriate field trip and carpool behavior, rearrange the children in the car and/or, if necessary, call for help.
- Each student must have a signed Field Trip Permission Form on file in the office.
- Drivers must provide a copy of their driver's license and current insurance card prior to each field trip.

FOOD

With every action, including eating, we each have the power to create holiness. Through consciousness of the way our food is grown and brought to our table, through the practice

of *kashrut*, and through healthy choices, we hope to nourish a commitment to the sacred and an appreciation for the food we eat. Students are involved in planting, tending, and harvesting some foods in “Pardes Planting” our organic food garden. They learn about seasonal foods and can articulate how the practice of eating foods with a smaller carbon footprint aligns with Jewish values.

Students at Saul Mirowitz Jewish Community School learn about Jewish food ways and are encouraged to engage in conversations with their teachers and peers about the different ways in which eating reflects both their own values and those of other members of our community.

All School Events

Food served at all major school-led events (e.g. gala) will be from a supervised kosher kitchen.

- **Lunch**

Each child is responsible for bringing lunch to school each day unless they are purchasing lunch from our school lunch program. Lunch menus will be sent by email to parents each month, beginning in early August through the remainder of the school year. Thereafter, menus and order forms should be completed by the 15th of the preceding month. ***In order to keep students safe and respect diverse families’ foodways and kashrut practices, sharing and trading food is never permitted.***

All food served as part of the school lunch program will be prepared in a supervised kosher kitchen. Meat and dairy will be served on different days. Food served as part of the school lunch program will be locally sourced or organic. Food will be cooked on site from scratch, using healthy ingredients and methods. Milk will be hormone free and antibiotic free.

Lunches sent from home will not be refrigerated and cannot be heated. Please include an ice pack, and the necessary utensils and napkins for each lunch.

- **Snacks**

Students are encouraged to bring a healthy snack to eat mid-morning (no candy or chips). Fruit, vegetables, or cheese sticks are popular snacks. The school will not provide snacks for students. We also request that parents send snacks and lunches in a form that the child can eat independent of adult help.

- **Family Agency**

Families can choose to order lunch from the school’s kosher lunch service, or they may bring their own lunch or snack from home. All family choices will be honored in a dignified way, free of judgment and monitoring, and reflective of our commitment to respecting diverse family definitions of Jewish practice. **We ask that students will not bring pork, pork products, shellfish, or shellfish products to school.** Parents are encouraged to consider not mixing meat and dairy in meals sent from home.

- **NUT FREE, PEANUT FREE**

For the safety of our students, products that contain tree nuts or peanuts may not be present at Saul Mirowitz Jewish Community School. This includes personal snacks or lunches that students bring to school.

What to look for on labels:

Not acceptable for school:

“Contains peanuts and/or tree nuts”

“May contain peanuts and/or tree nuts”

Acceptable for school:

“Made in a facility with peanuts and/or tree nuts”

“Made on a shared equipment with peanuts and/or tree nuts”

****Please be sure to remind all your children’s caretakers of our nut free status to ensure that they pack appropriate foods in your child’s lunch. If items are included in a child’s lunch that is not within school guidelines, a friendly call to the child’s family will be made to clarify requirements****

HOLIDAYS

Mirowitz will be closed for the Jewish holidays designated as “*chag*.”

Please note that Mirowitz **does not** celebrate Halloween, Valentine’s Day, or St. Patrick’s Day at school, as all have origins in non-Jewish traditions. Please help by not sending items pertaining to those days to school with your child.

Mirowitz will be closed throughout *Pesach* (Passover) for Spring Break.

HOMEWORK

Homework encourages student initiative, develops independent learning skills, and allows time for practice and application of what has been learned in school. A reasonable amount of homework is expected of all students. At the beginning of each school year, parents will receive a Homework/Partnership Plan from your child’s teacher which outlines the responsibilities of parents, teachers, and students. Homework will be assigned by the classroom teachers and will be discussed at Curriculum Night. In Middle School, teachers will post assignments daily in each subject area on Google Classroom. As a general rule, add a “0” to your child’s grade level to determine the appropriate homework time. The following are suggestions for parents:

- Provide a clean, well-lit, private space in which to work. Some children learn best if they sit at a desk; others can only concentrate on the floor. Determine what is best for your child.

- Make sure the space is well supplied with paper, pencils, pens and, if needed, references (dictionary, atlas, etc.).
- Make a place for school materials at home and keep them in a clearly visible place.
- Provide time for study.
- Provide a timer that your child can set each study time, if appropriate.
- Be a coach and supporter, not a “doer.”

LEARNING SUPPORT

● **Differentiation**

Children learn at different rates and in different ways. Teachers employ a variety of instructional strategies and accommodations in order to meet the learning needs of each child. If a student requires more than what can be met in the classroom, students will be referred for a learning support consultation.

● **Consultants and Referrals**

Should an academic or behavioral concern arise parents will be contacted. If the school feels that outside consultation is required to meet the needs of the student, parents will be asked to make the necessary arrangements. Consultations are at the parents’ expense.

To best meet the needs of the individual child, the school should be in contact with the consultant or other outside professionals. If the family does not pursue the school’s recommendations for consultations and the school feels that it is unable to meet the needs of the child, the school may ask the family to withdraw the child.

● **Social Work Services**

Jewish Family Services (JFS) provides Mirowitz with an experienced Licensed Clinical Social Worker. The social worker is guided by professional standards and a code of ethics established by the National Association of Social Workers. The social worker will be onsite twice a week to conduct educational, emotional, and social awareness activities, work with small groups, class groups and social and/or emotional issues. The social worker will also serve as a resource to parents and staff.

MONEY at SCHOOL

If money must be brought to school for any reason, please send a check in a sealed envelope marked with the child’s name. Your child’s homeroom teacher will collect any money that is brought to school, unless you have been specifically directed to send those monies to the school office.

PARENT/TEACHER COMMUNICATION

● **Conferences**

Formal Parent/Teacher conferences are scheduled by the school in the fall and spring—at times / dates noted on the school calendar. Teachers are available for scheduled informal meetings to answer parent questions at mutually convenient

times before or after school. Please contact the teacher directly to schedule an appointment.

- **Parental Absences**

Parents are asked to inform the school at least three days in advance if they will be out of town. Please send a note indicating how you can be reached, and the name and phone numbers of those in charge of your children in your absence. This information will enable us to help your child continue their routine at school during the parents' absence.

PARTICIPATION in ATHLETICS & EXTRA CURRICULAR ACTIVITIES

Academic progress is a necessary prerequisite to participation in athletics and extracurricular activities. Students with incomplete assignments, or grades lower than a C will not be able to participate in school extracurriculars until the situation is remediated.

Requiring students to maintain appropriate behavior during the school day, a strong record of completed assignments, and academic engagement in order to participate in extracurricular activities supports our establishment of a positive learning culture focused on supporting academic success

REPORT CARDS

Report cards are a teacher's appraisal of the student's performance in all facets of the school program. It is a means to evaluate students based on the specific goals of our school and the individual classroom. It gives a picture of the academic performance of your child over the reporting period and can be used to clarify expectations for both parents and the child.

- Elementary School report cards are distributed two times a year - in January and in June.
- Middle School report cards will be issued on a trimester basis, three times a year.

SAFETY AND SECURITY

Safety drills are scheduled regularly throughout the school year. Children and staff are fully instructed in all cautionary regulations to provide maximum safety. We do not print our plans, but please contact Andrea Newstead (anewstead@mirowitz.org) if you have questions. You can help us keep our Mirowitz students safe by only letting people in the building if you know them. *If you SEE something, SAY something!*

STANDARDIZED ASSESSMENTS

Standardized assessments are administered to children at school to assess their degrees of academic mastery, and the progress of both classes and the school as a whole. These tools are carefully analyzed so that we can plan educational strategies for individuals and for the school. Standardized tests are not based on the particular curricula that this or any school teaches. The best understanding of standardized test results comes through comparing the individual child's scores over the course of several years.

Our school utilizes the Educational Records Bureau (ERB) standardized testing in grades 3-8 as well as the Avant assessment for Hebrew proficiency in grades 3-6.

STUDENT INFORMATION CHANGES

It is important that parents inform the school promptly of any changes in address, telephone numbers, emergency contacts, health of a child, allergies, marital status of parents, etc. If there are any changes, please contact the office so student records can be updated.

STUDENT RECORDS

We must have permission and release forms on file to operate legally and effectively. Some of these must be updated annually. Forms include emergency, medical, health and inoculation, publicity release, field trip permission and permission to pick up.

Files, including the above forms, transcripts, standardized test results etc, will not be released to outside sources without your written permission; *student pediatric and immunization forms cannot be released by the school under any circumstances* due to HIPAA regulations.

RESTROOMS

In keeping with the recommendations of the [American Medical Association](#), the [American Academy of Pediatrics](#), and in line with best practices from a recent [National Education Association endorsed guide](#) Mirowitz encourages students to use bathrooms that are consistent with their gender identities. All students, adults, and guests are welcome to use the single stall restrooms located in the office.

Adult visitors who are not accompanying a child are asked to use the single use restrooms in the office.

VISITATION AND VOLUNTEERING

The partnership between home and school is a cherished and valued aspect of Mirowitz. We hope you will arrange to visit, volunteer and participate often.

- **Room Parents**

Each class at Mirowitz is enriched by parental involvement and support. Activities are made more special with the involvement and participation of our parents. To help coordinate these parent efforts in teamwork with the school and teachers, room parents will be recruited and serve for the entire school year. Each class has at least one room parent.

VOLUNTEER SERVICE EXPECTATIONS

All families enrolled at Mirowitz are expected to:

- Participate in the Annual Fund Campaign.

- Volunteer to help with school-sponsored events.
- Support periodic campaigns and initiatives for facilities or endowment.
- Participate in the Parent Teacher Organization (PTO), volunteer, and attend social activities as specified at the commencement of each school year.

HEALTH POLICIES/CONFIDENTIALITY

The School is committed to maintaining a healthy environment for children and their caregivers as well as the staff and community, in general. The Health Promotion Policy supports this commitment. The minimum requirements of this Health Promotion Policy address the following topics:

- immunizations
- communicable diseases including reporting
- disease prevention
- exclusion from school due to illness and reentry guidelines

Any term used in this policy to reference a health care provider or practitioner applies to the child's primary health care provider and does not refer to the child's parent who may be a licensed healthcare provider.

IMMUNIZATIONS

The following is required for school attendance:

The Department of Health Rules requires students to be appropriately immunized at the time of enrollment. Students must have a statement, certificate or record from a physician or health facility that verifies the type of vaccine, month, day, and year of administration.

Are there any exemptions to the above rule that will be honored by the School?

The following list gives exceptions to the above rule:

The student is in the process of completing the immunizations required and has a return appointment scheduled with the health care provider to do so.

In this instance:

- A parent **MUST** obtain a Department of Health Immunization In Progress Form (Imm.P.14) which has been signed by the physician or Public Health Nurse that shows that the student is in the process of completing the immunization(s) required and has a return appointment scheduled with the health care provider.
- The form **MUST** be on file in the school office.

The student cannot receive the immunization for medical reasons. In this instance:

- A parent **MUST** obtain a Department of Health Medical Immunization Exemption Form (Imm.P.12) which has been completed and signed by a currently licensed and practicing pediatric practitioner, family practice practitioner or pediatric osteopathic practitioner certifying that either the

immunization would seriously endanger the student's health or life OR the student has documentation of laboratory evidence of immunity to the disease(s) in question.

- An explanation for the exemption from one of the practitioners listed in the previous paragraph (number 1) must accompany the form and **MUST** be on file in the School office.

Religious Exemption Statement

- Please note that we **do not accept religious exemptions**. Many Jewish teachings strongly support the protection and public health of our communities. With this said, Saul Mirowitz Jewish Community School is a pluralistic institution that works to uphold tradition by adhering to state guidelines and requiring vaccinations for all who are able, to ensure a safe and healthy learning environment.

NOTE: For those students who have a history of having had measles, mumps, or rubella disease and have not been immunized, unless laboratory testing has been done to confirm the fact that the student is immune to the disease, immunization against the disease is required.

What if a student is not immunized due to an exemption and there is an outbreak of disease?

In the event of an outbreak or suspected outbreak of a vaccine preventable disease (like measles, mumps, whooping cough, rubella) and a student is not immunized due to an exemption as described in the previous section, the student will be excluded from attending school for their own protection and that of other students until the medical emergency has ended as determined by the local health authorities or until the student has received the appropriate immunization(s). The school staff will follow the control measures instituted by the local health authority. Should a student be exempt because laboratory evidence indicates immunity to the disease, that student can continue to attend School during the medical emergency period.

What records are maintained by the School?

An individual health record will be maintained for each student. The school staff will follow the Mirowitz Policy on Confidentiality and, when applicable, the U.S. Department of Health and Human Services Health Insurance Portability and Accountability Act (HIPAA) with regard to release or disclosure of protected health information. An ongoing review of immunization records will occur to ensure continued compliance with Missouri law. The School staff will notify the parent/guardian if a student will require any additional doses of a vaccine, giving the date by which the vaccine must be given to remain in compliance with the law and avoid exclusion from school.

COMMUNICABLE DISEASES

According to Missouri law, it is unlawful for any student to attend school while afflicted with any contagious or infectious disease or while liable to transmit such disease after having

been exposed to it. The school staff may require any student to be examined by a health care provider if they believe the student can infect others.

A communicable disease is defined as an illness or disorder that can be transmitted in various ways from a person or animal to another person, either directly or indirectly. Missouri statutes list those diseases that **MUST** be reported to the Department of Health, usually by physicians or public health medical staff but may be done by school officials and refers to these diseases as "reportable". The more familiar "reportable" diseases include Chickenpox, Fifth Disease, Pediculosis (Head lice) outbreaks, Scabies, and the vaccine-preventable diseases.

Other diseases are communicable but are not listed as "reportable" by the Department of Health. Examples of these diseases include impetigo (a skin infection), conjunctivitis (pink-eye), ringworm (a fungus infection), strep throat, pinworms, mononucleosis and influenza-like illness or the flu.

If an outbreak of a reportable communicable disease as defined by State Statute occurs in the school setting, the school staff will notify parents/guardians, as appropriate.

Parents/guardians are expected to report to the school office the incidence of any communicable disease occurring in the home: both those that are reportable by State Statutes and those that are not reportable to the State.

The implications of a student with a chronic infectious disease attending school will be carefully evaluated on an individual basis when and if the need arises. Consultation with the appropriate professionals involved will occur before arriving at a decision.

STREP THROAT

If a case of Strep Throat has been reported in your child's classroom, parents will be informed so that they can be alert to the symptoms and treatment of this common illness should the need arise. Please contact your child's health care provider if you have questions or concerns regarding your child. If your child has been diagnosed with strep throat, please contact the school office.

HEAD LICE

If a case of head lice has been reported in your child's classroom, parents will be informed so that they can check their children before they leave for school each day for the next two weeks. Please note, you will be informed that you need to treat your child if lice is found at school. Once treated, they may return to school. If your child has been diagnosed with lice, please notify the school office.

What measures will be used to reduce the occurrence or spread of communicable disease in the school setting?

- Good hand washing is required and is the single most effective way to reduce the spread of communicable disease. Staff are instructed on proper handwashing technique and frequency. That includes before and after toileting or assisting a student with toileting before food preparation or the serving of food and at other times as needed. Students are taught proper handwashing techniques and will be encouraged to use these techniques before and after toileting, before and after eating, preparing, or serving food and at other times throughout the day when the need arises.
- Students should bring a reusable water bottle to school and use the water bottle filler function rather than the fountain to mouth function.
- Universal precautions will be used as a means to minimize the risk to staff and students from diseases that are caused by exposure to blood and/or body fluids that may contain blood.
- Disposable gloves must be worn when exposure to blood and/or body fluids containing blood is anticipated or when the caregiver has open cuts or lesions on or around the hands and/or fingers. Use of disposable gloves in situations requiring contact with body fluids other than those containing blood will be at the discretion of the caregiver. Caregiver refers to staff, faculty, and volunteers. Following removal of gloves, good handwashing must occur.
- Any open lesions or breaks in the skin (students, staff, or faculty) are to be covered.
- Changing soiled clothing, should be cleaned promptly with soap and water followed by disinfecting with a bleach solution or comparable product.
- Disposable towels, tissues and other items will be used whenever possible. Soiled disposable materials will be discarded in plastic bags that have been double bagged and tied securely.

ILLNESS MANAGEMENT

The parent/guardian will be contacted when signs of illness are observed in a student during the school day. (For more information, see below: “When should a student stay home or be sent home due to illness?”)

Whenever possible, the ill student will be kept isolated from other students until the parent/guardian arrives, but will be closely supervised by designated staff so that changes in the student's status will be noticed readily.

When should a student stay home or be sent home due to illness?

Students should be given individual consideration as to their ability to remain at school and participate fully in the educational day. The school staff may require a written note from a licensed health care provider before the child can return to school. Due to HIPAA regulations, this may require that the note be picked up from the health care provider's office by the parent/guardian and hand delivered to the school office or that the parent/guardian provide authorization to the health care provider to communicate directly

with the School. The school staff will recognize the need for HIPAA compliance in all circumstances involving exchange of protected health care information.

If a student exhibits any of the following symptoms, they must stay home or, if attending school, will be sent home:

- Fever
 - Vomiting / Diarrhea
 - Uncontrolled coughing or difficulty/rapid breathing
 - Eye symptoms
 - Unusual rashes
 - Symptoms that interfere with participation in the school day or may be indicative of a more serious health problem.
-
- **Fever** - A fever is defined as a temperature of 100.4 F (38 C) or higher.
Return: After remaining fever free for 24 hours, without the use of fever reducing medication, and otherwise feeling well.

 - **Diarrhea** - For the sake of this policy, diarrhea is defined as more than one abnormally loose or watery stool or increased frequency of passing stool that is not associated with changes in diet or medication. Additionally, stool that is white or gray or contains blood not explainable by dietary changes, medication should be included. Students with a diarrheal illness should not be attending school.
Return: Students may return after the diarrhea resolves, when the student seems otherwise well and is back to normal with regard to eating, drinking, and level of comfort. Students whose stools remain loose but who are otherwise well and whose stool cultures are negative need not continue to be excluded. When the origin of the diarrhea is in question, an explanatory note from the student's health care provider will be required by the school before the student returns.

 - **Vomiting** - Two or more episodes of vomiting in a 24 hour period
Return: Students may return after they have been free of vomiting for 24 hours, able to resume normal activities and tolerate food, as well as have been fever free for at least 24 hours. A note from the student's health care provider may be required if the vomiting is a continuous issue indicating that the cause of the vomiting has been identified, that the cause is not contagious and the student is able to participate fully in the educational day.

 - **Uncontrolled coughing, difficulty breathing** - includes not responding to albuterol
Return: When the cause for the symptoms has been identified by a health care provider, the student is on appropriate treatment, and the student is well enough to participate fully in the educational day. An explanatory note from the student's health care provider may be required by the school staff before the student returns.

 - **Unusual rashes** - unusual skin spots or rash or areas that are crusted or yellow or dry or gummy or draining or blistered or yellow in color to the skin.

Return: A note from the student's health care provider may be required before the student returns to school indicating that the cause of the rash has been identified, that the student is not contagious and the student is able to participate fully in the educational day. If the cause of the rash is contagious and medication has been prescribed, in addition to a note from the student's health care provider, the student is to have been taking or using the medication for a full 24 hours before returning to school

- **Eye symptoms** - Redness or yellowing of the whites of eyes or eyelids, irritation of eyes, swelling of the eyelids, crusting, discharge or drainage from the eye, increased tearing (one or both eyes may be affected with any of the symptoms)

Return: Students may return when the cause of the symptoms has been identified by a healthcare provider, and has been on appropriate treatment, if indicated, for 24 hours. In the case of allergies, an exception to this exclusion may be made if there is a current note in the student's health file from the student's health care provider that the student has allergic conjunctivitis. In all other cases of eye symptoms described, an explanatory note from the student's health care provider may be required by the school before the student returns.

- **Severe sore throat or trouble swallowing**

Return: When the student has been on appropriate treatment for 24 hours, without fever for 24 hours, and is able to participate fully in the educational day. An explanatory note from the student's health care provider may be required by the school staff before the student returns. If the student tests positive for strep, please follow the policy as listed above.

- **Lice** - Severe itching of the body or scalp, or scratching of the scalp that may be symptoms of lice or scabies.

Return: If the student has head lice, the Head Lice Policy will be followed. If the cause of the symptoms is unknown, a note from the student's health care provider will be required before the student returns to school indicating that the cause is not contagious, the student is able to participate fully in the educational day, and the student has been on treatment, if indicated, for 24 hours or longer, depending on the nature of the condition.

MEDICATION POLICY

It is the policy of our school that only trained school staff will administer medication to students, except in the case of an emergency.

- Non-medical school staff who will be assisting with medical care will be required to have first aid training and complete medication administration training.

Medications can either be part of our approved list of protocol medications or brought in from home. We allow both over the counter and prescription medications to be brought in. In order for medication from home to be accepted and administered, we require the following:

- All prescription medications are to be given under specific authorization of the student's physician.
 - If a prescription medication is to be given to a student in school, the parent/guardian must submit a Medication Consent form that is either signed by the physician, or accompanied by a note from the physician.
 - If an over-the-counter medication is to be kept at school to be taken on an as needed basis (eye drops, allergy medications, etc), a physician's signature is not required on the Medication Consent form.
- All medications should be provided to school in the original bottle with the prescription label or other packaging intact.
- Medications must be brought directly to the school office or given directly to the front office staff by a parent/guardian.

MEDICATION STORAGE

- Medications will be stored in a locked area of the office.
- Medications should not be stored in classrooms.
- Emergency medications such as inhalers, epi-pens, glucagon and seizure rescue medications may be kept by student or teacher with permission form on file. If they are kept in the office, they will be in an unlocked location for ease of access.
- If a student requires emergency medications to be kept at school, whether in the classroom or in the office, an emergency action plan or school plan is to be on file.

POLICY FOR USE OF PROTOCOL MEDICATION

It is anticipated that there may be situations which arise during the school day that necessitate treatment of a child for a minor injury or physical symptoms that develop. Protocols have been established in collaboration with and approval from Mirowitz medical consultants. These protocols will be reviewed annually and modified as needed. Guidelines for protocol medication administration, including indications for use, will be followed. A copy of the protocols are available upon request.

- The medications/ treatments included in the protocols will only be administered with written consent from the parent/guardian. Permissions will carry over annually unless the family requests a change.
- Only one dose of an oral medication covered under the protocols will be given during any school day without additional parental permission. If symptoms are not relieved, the parent/guardian will be notified.
- The school will attempt to notify the parent/guardian in advance, when possible, that oral protocol medication is to be given prior to administration. This is to allow the parent/guardian to be aware of their child's complaint, as

well as reduce the likelihood of medication being administered sooner than recommended.

- It is requested that a parent/guardian notify the School office if a medication was given to their child before school, other than that which is taken regularly, that they may require again to proactively treat symptoms (ie. braces pain, menstrual cramps)
- If a student requires oral protocol medication on two consecutive days, parents will be contacted before medication is given.
 - Exception: braces pain, menstrual cramps, injury, discussion with parent regarding the need for medication

School personnel designated by the School Administration to administer medication and provide treatment following protocols will maintain documentation on each child who requires treatment or medication covered under such protocols.

Note: Mirowitz medical consultants will not be on-site during medication administration and treatment. Care will primarily be provided by a non-medical staff person who has received first aid and medication administration training.

POLICY ON CONFIDENTIALITY

Individual health records are maintained by the School to provide students with the most appropriate health care while in the school setting. Information regarding students and their families is essential for the assessment, intervention, and management of health-related issues. The aim of this policy is to safeguard the privacy of students and their families regarding personal health information which is shared with the School.

WHAT IS THE DIFFERENCE BETWEEN THE SCHOOL HEALTH RECORD AND THE EDUCATIONAL RECORD?

The health record contains information that has relevance to the health status of the student and is considered the property of the health care provider who is entering the information. Examples of information which may be included in a health record are immunization records, health screening results, health history, medication orders and physical examinations. As the “owner” of the health record, the health care provider is responsible for the maintenance and security of that record. Our designated staff and the student’s health care provider are considered the owners of their respective medical information. The educational record may contain information such as progress reports, attendance, and application information. Information contained in the student’s health record and the educational record has significance when considering the overall health and well-being of the children. For this reason, it is imperative that the student’s health record and the educational record be kept current and accessible to our designated staff.

WHERE ARE THE HEALTH RECORDS KEPT?

The health records are kept in a locked file in an area designated by the administration of the School.

WHO HAS ACCESS TO THE HEALTH RECORDS UNDER NORMAL CONDITIONS?

Health records may be accessed by:

- the parent/guardian of a student who is not of the age of majority or is not an emancipated minor upon written request to our designated staff, who will make a copy of the record for the parent/guardian or will arrange a mutually agreed upon time for the review of the record. Clarification of authority will be necessary prior to a review of a health record when legal custody is in question.
- designated staff
- a student who is of the age of majority or is an emancipated minor upon written request to our designated staff.

WHO HAS ACCESS TO THE HEALTH RECORDS IN THE EVENT OF AN EMERGENCY?

Except in the event of a health or safety emergency, only the school's designated staff may have access to the child's health record without written consent of the child's parent/guardian. In an emergency, the School administrator or designee will have access to the health record and may provide necessary information to healthcare professionals to aid in treatment of the child. In this situation, release of information can be made to appropriate parties without prior consent if the release is necessary to protect the health and safety of the child or other individuals or if disclosure is to:

- the parent/guardian of a student younger than eighteen years of age
- a student who is of the age of majority or is an emancipated minor

CAN THE HEALTH RECORD BE RELEASED TO A THIRD PARTY?

Designated staff generated information contained in the student's health record will be released to those who have legal authorization to these records. Written consent from the child's parent or the legal guardian is required. Health information obtained from sources other than MIROWITZ health consultants will not be released unless required by law or review necessitated by the Division of Family Services.

WHO IS REQUIRED TO MAINTAIN CONFIDENTIALITY OF INFORMATION PERTAINING TO STUDENTS AND/OR FAMILIES RELATIVE TO MEDICAL MATTERS INCLUDING HEALTH SCREENINGS?

Any person assisting with screenings or related activities or who is privy to the information obtained from these screenings by nature of their affiliation with the school is bound by the rules of strict confidentiality. Information may not be shared except as previously noted in this Policy. The ONLY exception to the rule of confidentiality is if a student shares information that indicates that the student is in imminent risk of harm or is a danger to him/herself or others. That information must be shared with those who need to intervene in order to protect the student.

POLICY FOR COLLECTION OF UNPAID TUITION

Purpose

To establish guidelines for collecting past-due tuition fees or other charges.

Operating Principles

Mirowitz has a fiscal responsibility to collect all debts owed to it.

Mirowitz wishes to work in a friendly and relationship-building manner whenever possible to achieve the resolution of debts owed to it.

Mirowitz wishes to consider extenuating circumstances affecting the responsible party's present ability to pay as long as they demonstrate a "good-faith" willingness to pay.

Mirowitz recognizes a "good faith" desire to pay when a consistent payment is made on a balance due rather than no payment activity at all.

Mirowitz is willing to deny re-enrollment to or consider disenrollment of students in cases where the responsible party is unwilling or unable to resolve the debt within a reasonable period of time.

Procedure

- The Business office and FACTS are and shall continue to be the primary financial contacts for the purpose of billing, receiving payment and issuing statements.
- When a balance owed to the school becomes 11 days past due, a \$25 late fee will be applied to your FACTS account. The Business office will continue to try and make contact to best determine how to support the school and family in resolving outstanding balances without the use of a third party until the 60 days past due period begins. If the balance owed exceeds 60 days, the school may send the outstanding balance to a collection agency of their choice, in addition to asking all tuition be paid in full.
- The Director of Finance and HR or the collection agency shall make their initial contact with the responsible party by certified mail. This letter should:
 - Be friendly and written in a tone that encourages resolution.

- Inform the responsible party that their account has been referred to the collection agency.
- Invite them to review any charges they believe may not be accurate.
- Invite them to make phone contact if they are unable to immediately settle their obligation in order to establish a payment plan.
- If the responsible party has not paid the obligation or contacted the collections agency or school within 14 days after the letter is sent, the collections agency should contact the responsible party by phone. The phone contact should:
 - Verify that the letter has been received.
 - Determine if a payment has been made since the letter.
 - Verify the responsible party's agreement with the amount owed.
 - Determine any specific reason that payment has been withheld.
 - Discuss their intentions regarding making payment and help establish a mutually acceptable payment plan (options discussed below).
 - If the collections manager is unable to reach the responsible party by phone or if the responsible party is unwilling to discuss resolving the balance due, then the collections manager shall send a second letter by certified mail which should:
 - Request that the responsible party make immediate payment or contact the credit manager to discuss making a payment.
 - Inform the responsible party that failure to make payment arrangements may result in denied admission for the following school year or disenrollment from school during the present year.

DEBT RESOLUTION OPTIONS

Promise to Pay

- The responsible party may make a promise to pay the current amount owed in full within the next 30 days.

Payment Agreement

- The responsible party may enter into an agreement to pay the amount owed in a series of installments (i.e. 30, 60, & 90 days after the agreement). The responsible party may elect to send a check each month, provide a series of post-dated checks, or authorize a series of charges to a credit card.

Effect of Non-Payment

- Failure to answer collections notices sent by mail or by phone may result in denied re-enrollment and possible disenrollment from school.
- Failure to fulfill a Promise to Pay (without prior notice) shall result in a requirement to pay immediately or risk disenrollment and denied re-enrollment (until such time as the account is brought current). Additional time may be granted if advance notice is received that a payment will be missed.

- A responsible party who has successfully completed a promise to pay or a payment agreement will be granted full opportunity to pay the next year's tuition using any currently available payment plan.
- A responsible party who is making payments on a payment agreement and is current in their payment agreement or who has not entered into a payment agreement will be denied re-enrollment or required to pay current debt and future tuition in-full on or before the first day of school. In this scenario, the student will be allowed enrollment subject to space available at the time that payment is received.

ABUSE AND MOLESTATION POLICY (MAY 2020)

1. STATEMENT OF POLICY

It is the purpose and intent of the Saul Mirowitz Jewish Community School ("Mirowitz") to provide a safe, secure environment to teach and care for the children and students at our school. Our goal is to protect children from sexual abuse, child molestation or any type of inappropriate sexual behavior by employees or volunteers and to protect employees and volunteers from false accusations. It is the further policy of "Mirowitz" to train all staff in the recognition, prevention, and reporting of child abuse.

2. DEFINITION

According to Missouri state law, a child is defined as an unmarried person under the age of 18. "Abuse" means the infliction, other than by accidental means, of physical, sexual, or mental injury against a child by any person eighteen years of age or older.

3. SCOPE AND RESPONSIBILITY

1. The policy and procedure set forth will apply to all people who give supervision or have custody of minors or who have opportunity to have contact with minors in school facilities or school sponsored activities as a representative and agent of the school.
2. Any actions taken or communications with others, regarding suspicions of allegations of child abuse, must be documented and reported appropriately.
3. Confidentiality must be maintained in all incidents.
4. For purposes of the policy, "parent" will be used to mean natural or adoptive parent or legal guardian.

4. EMPLOYEE HIRING, TRAINING AND SUPERVISION

a) All newly hired staff participate in a thorough application process including interviews with multiple staff members, collection of resume and cover letter, at least two references, and if appropriate, demonstration of skills. All documents will be included in their personnel file.

- b) A criminal background check will be performed on all newly hired staff and will be repeated every three years. The check will cover national, state, and local records.
- c) All new staff must participate in an orientation program that includes a review of child abuse prevention policies and procedures within 30 days of beginning their responsibilities. This program will include written material explaining Mirowitz policy, procedure, and regulations. Those attending will, by their signatures, acknowledge having received and read a copy of the Mirowitz Child Abuse Prevention Policy, and the signed copy shall remain in the staff member's personnel file.
- d) Training opportunities dealing with the prevention of child abuse will be available, ongoing, and required.
- e) Supervisory staff may make unannounced visits to each program/class to assure that standards and procedures are being maintained.
- f) Volunteers are those who are not paid by the school on a full-time or part-time basis and are serving in a position on behalf of and as an appointed representative and agent of the school involving the supervision or custody of minors. Volunteers (effective for those volunteering after June 2019 will go through the following screening process:
- Complete a confidential application form
 - Complete a consent to release confidential information
 - A criminal background check will be performed on all newly engaged volunteers and will be repeated every three years. The check will cover national, state, and local records.
 - Interview by appropriate staff member

In addition to the above requirements, a volunteer must be known to Mirowitz staff for at least six (6) months, unless the person is a parent volunteering.

A volunteer who does not meet these membership requirements may serve only upon approval of the Head of School.

5. RELATIONSHIPS WITH CHILDREN

- a) Employees should be alert to the physical and emotional state of all children each time they report for work.
- b) Students will be in rooms with view windows or open doors for all teaching/learning activities. Adults will be present, or nearby, and available on each floor and in the hallways where minors are present. Two (2) adult workers will be present, or nearby, with students

during school activities. One adult will not be left alone with one minor unless they are in counseling, speech pathology, learning support or a discipline referral. In such cases, the student and adult must be in a room with a viewable window or an open door.

c) Employee interactions outside the scope of employment must involve the supervision and/or the permission of the child’s parents or guardians.

d) All employees will be trained annually on bullying and social media policies in our personnel handbook.

e) All students will be trained at least annually on internet use and how to respond in situations that are potentially dangerous.

e) Employees may communicate directly with students through our school email system or google classroom only. School personnel are instructed not to respond to communications from students’ personal emails, and not to respond with the employee’s personal email.

f) Faculty and staff may not text students directly.

g) Employee training will include guidance on appropriate and inappropriate physical touching.

Appropriate Physical Interactions	Inappropriate Physical Interactions
Side hugs Shoulder-to-shoulder or “temple” hugs Pats on the shoulder or back Handshakes High-fives and hand slapping Pats on the head when culturally appropriate Touching hands, shoulders, and arms Arms around shoulders Holding hands with young children in escorting situation	Full-frontal hugs Kisses Showing affection in isolated area Wrestling Piggyback rides Tickling Allowing student to cling to adult’s leg Any type of massage Any form of affection that is unwanted by the student or adult Compliments relating to physique or body development Touching bottom, chest, or genital areas

6. REPORTING PROCEDURES

a) As required by mandated reporting laws, staff and volunteers must report any suspected abuse or neglect of a student – whether on or off organization property or whether perpetrated by staff, volunteers, or others—to state authorities. Reports may be made

confidentially or anonymously. A person who mistakenly reports suspected abuse is immune from civil or criminal liability as long as the report was made in good faith and without malice.

In addition to reporting to state authorities, staff and volunteers are required to report any suspected or known abuse of students perpetrated by staff or volunteers directly to the leadership so that immediate and proper steps may be taken to ensure the safety of alleged victims and others who may be at risk. Reports of suspected or known abuse may be made confidentially to the following:

- 1) Immediate supervisor
- 2) Head of School
- 3) Board president

b) Guidelines for the reporter:

- 1) If you witness abuse, interrupt the behavior immediately.
- 2) If abuse is disclosed to you, assure the individual disclosing that he or she was correct to tell you.
- 3) Protect the alleged victim from intimidation, retribution, or further abuse.
- 4) Immediately report the allegation or incident to the proper organization authorities (based on mandatory reporting requirements) and the designated authority.
- 5) Document the incident, disclosure, or any circumstances causing your suspicion of abuse. State only the facts. Share this documentation with the appropriate school authority and the appropriate legal authority to whom you reported the incident.
- 6) It is not your job to investigate the incident, but it IS your job to report the incident to your supervisor in a timely manner.
- 7) Check back to make sure appropriate steps were taken. If not, report again to your supervisor or the designated organization authority.

c) All allegations will be taken seriously, and school staff will take appropriate action in accordance with the laws of the State of Missouri, insurance policy requirement, and based upon advice of legal counsel.

d) The official spokesperson for the school in any of these matters will be the Head of School or their appointee. No other staff member shall speak to the alleged victim's family or media in an official capacity.

e) Staff will document (in writing, with date and signature) all efforts in the handling of any incident.

f) Staff will not deny, minimize, or blame any individual involved in allegations. Staff will cooperate with authorities.

f) Mirowitz must report suspicions of child abuse to the proper authorities. The Head of School will be notified of all instances of child abuse.

g) In the event the reported incident involves a Mirowitz employee or Mirowitz volunteer, the Head of School will immediately remove the person from all Mirowitz activities. The Head of School may reinstate the employee when allegations have been cleared to the Head of School's satisfaction.

h) All appropriate staff will be informed that a possible incident has occurred and that the required notifications have been made. It is in the best interest of the child, the involved staff and Mirowitz, that this not be discussed between staff, with parents or outside the building. All questions should be directed to the Head of School.

i) The Head of School will review the situation with legal counsel for guidance.

j) Guidelines for the administration

- 1) First, determine if the alleged victim is still in danger and if so, take immediate steps to prevent any further harm. Immediately provide a safe place for the alleged victim with a trusted adult and attend to any emergency response necessary – medical or therapeutic.
- 2) Gather as much information about the allegation as you can. For example, who made the report, who was allegedly abused, who was the alleged abuser, what was the nature of the alleged abuse, where and when did the alleged abuse occur, etc.
- 3) Accurately record everything you learn in as much detail as you can. Documentation should detail the facts only.
- 4) Contact the appropriate local authorities as indicated by your mandatory reporting procedures. Make sure you get a case number and the name and contact information of the person with whom you speak at the reporting agency.
- 5) The head of school will contact the alleged victim's family and communicate the incident.
- 6) If the alleged abuse involves a staff member or volunteer, notify your crisis management team and follow your crisis management plan.
- 7) Suspend the accused staff or volunteer until the investigation is completed.

7. RESPONSIBILITIES TO PARENTS

a) The Head of School will look into any parent complaint or concern immediately and thoroughly and communicate results back to the parents. Documentation of the investigation and communication to the parents will be retained by Mirowitz and kept permanently on file in the Head of School's office.

b) It is the responsibility of parents to pick up their child at the dismissal of school. Parents must notify Mirowitz in writing, in person or by phone when different arrangements for pick-up are being made. A child will be withheld from a parent only if a court order is on file.

8. BATHROOM POLICY

a) Single user bathrooms are available for use.

- b) Signs are posted on student bathrooms stating, “Adult visitors who are not accompanying a child are asked to use the single use restrooms in the office.”
- c) Adult visitors check in at the office and run their driver’s license through Hall Pass visitor management system’s background check.

9. OVERNIGHT POLICY

- a) All overnights are supervised by multiple faculty members.
- b) Administrators regularly and randomly observe overnight activities on a scheduled and periodic basis.
- c) The head of school appoints a lead staff person to supervise the overnight. A meeting with all the overnight staff is conducted to discuss the unique risks of overnight trips, unique elements of the specific overnight trip and to review the specific policies and procedures.
- d) Parents/guardians are provided written information about the overnight activities. All parents/guardians must sign permission for their child to attend the overnight.
- e) Meetings with the group should be hosted in open and observable areas. Meetings should not be hosted in an employee’s or a student’s room.
- f) Each staff person will supervise a specific group and track their whereabouts regularly.
- g) Staff will monitor high risk areas such as bathrooms by standing outside the doors in earshot of students. If using a shared campus facility or hotel, staff will monitor other high-risk areas such as lobbies, entrances and exits.
- h) At least two staff members will be placed in both boys’ and girls’ lodging spaces overnight. Staff should not change clothes in front of students and should provide privacy for students while changing clothes.
- i) Overnight stays at private homes are prohibited unless approved by the administration.
- j) All staff are on duty in the halls or cabins at night until an hour after lights out and all student rooms are quiet.
