

NEXPLORE

Electronic Game Design

Become a grandmaster and learn the game of geniuses at Saul Mirowitz Jewish Community School!

In Electronic Game Design, students create classic games by combining the innovative Makey-Makey device and programming with Scratch. The Makey-Makey is a customizable circuitry tool that students transform into their own controllers for their games. They'll learn about how circuits work with computers, coding, and how to design and build a game that's fun. Expert instructors guide students through making games like Operation and teach them the tools to bring their imaginations to life. Students combine their love for games with their drive to learn in this hands-on STEAM course.

\$420
per student

2-8

Times and Dates: Wednesday

3:35pm – 4:45pm

Sep 02, 09, 16, 23, 30

Oct 07, 14, 21, 28

Nov 04, 11, 18

Dec 02, 09, 16

To sign up, visit:

www.nexploreusa.com/register-your-child

- 1.) Select your state.
- 2.) Choose your school.
- 3.) Find the program and click "Register."

Nexplore's mission is to foster the Joy of Learning through enrichment opportunities so that all children may discover and explore a passion that drives them to excellence.
